

Everyday Oils

YOUNG  LIVING
ESSENTIAL OILS

Pure, Potent Plant Remedies

Uplifting, protective, calming, and regenerating, essential oils are a unique gift from the natural world. Often referred to as “nature’s living energy” or the very essence of a plant, essential oils are aromatic liquids derived from shrubs, flowers, trees, roots, bushes, and seeds. They not only determine the plant’s aroma, but are vital for plants to grow, live, evolve, and adapt. Essential oils also help defend plants from insects, environmental conditions, and disease. Today, research shows that when used aromatically, applied topically, or taken internally, essential oils can calm, energize, balance, purify, and rejuvenate the mind and body.

From perfumes and aromatherapy to cooking and medicinal purposes, essential oils have been a vital part of everyday life, dating back to 4500 BC. After personally experiencing the many benefits of essential oils, D. Gary Young, Founder and President of Young Living Essential Oils, began a personal campaign to promote the ancient healing art of essential oil therapy. The result? An abundant line of pure, therapeutic-grade essential oils, including over 140 single essential oils and unique essential oil blends, and the world’s largest community dedicated to achieving wellness via nature’s purest, most potent gift.

THERAPEUTIC-GRADE:

The Young Living Standard

There is a significant difference between essential oils that simply smell good and those that are therapeutic-grade.

As stewards of nature's plant remedies, Young Living maintains high internal standards, built upon the magnitude of our own rigorous Quality Assurance requirements. This standard is known as "therapeutic-grade." In order to achieve therapeutic-grade classification, each essential oil must achieve the designation naturally, without excess manipulation and refinement, and meet specific criteria in four key areas: Plants, Preparation, Purity, and Potency.

PLANTS

Young Living products are produced from the right plants, grown in exceptional soil, and harvested at exactly the right time.

PREPARATION

Honoring a strict commitment to respect and protect the time-honored methods of distillation, Young Living makes every effort to preserve "nature's living energy" in a manner as close to its natural state as possible. Using pure mountain water free of additives, Young Living has a proprietary, stainless steel distillation process that uses low temperature and low pressure to better preserve plant properties, capture the pure essence of the plant, and preserve the quality of the oils.

PURITY

Achieved through the use of quality plants and meticulous preparation, and not through ultra-refinement, our finished product is 100% pure. Young Living essential oils are unadulterated, uncut, and free of chemicals, pesticides, and heavy metals.

POTENCY

To guarantee our products exceed existing world standards and meet our own higher internal standards for potency, we analyze the finished oil's phytochemical profile to ensure it delivers optimal amounts of every key plant compound.

Everyday Oils

Make oils an essential part of your day, every day! It is always important to have Young Living's therapeutic-grade essential oils on hand for your home and family. To help you get started, Young Living recommends nine of our most popular essential oils and essential oil blends for a wide range of uses and benefits. Try them in the following favorite everyday applications.

AIR PURIFICATION

Essential oils can help rid the air of unpleasant odors and unwanted bacteria. Diffuse a cleansing oil like lemon or Purification in your children's bedrooms, or help control mold by diffusing Thieves. Oils like Thieves, Purification, Citrus Fresh, or peppermint can be used in a humidifier or dropped onto cotton balls and placed in home air vents.

AROMATHERAPY + FRAGRANCE

Keep a diffuser in every room of your home! Essential oils can be diffused for stress relief, respiratory discomfort, energy, mood balance, and emotional support. Try adding several drops of peppermint or PanAway to bath water to help ease muscle tension or calm the mind and body. Create your own bath and shower gel by adding a favorite essential oil like grapefruit to Young Living's Bath & Shower Gel Base. When hosting a holiday party or a baby shower, add the pleasant smell of tangerine, lemongrass, or geranium to potpourri or an essential oil blend like Christmas Spirit to pinecones and cinnamon sticks for festive holiday ambiance and aroma. Wear Valor or White Angelica for confidence and a positive attitude.

CLEANING

A few drops of an essential oil like lemon, Thieves, or Purification can be added to a dishwasher, washing machine, spray bottle, or to Young Living's Thieves Household Cleaner. This cleaner can be used on a variety of surfaces including tile, Formica, walls, linoleum, and even carpet.**

COOKING

Pure essential oils like rosemary, oregano, cinnamon, and spearmint can be used in place of herbs, spices, and flavoring agents in your everyday cooking. Use lemon oil to grill vegetables, add peppermint oil to hot tea, or use black pepper oil to spice up a favorite marinade or salsa.

FIRST AID

Drop PanAway oil blend on stressed muscles and massage or cover with a moist, hot towel. Rub Purification on exposed skin to avoid bug bites. Apply lavender oil to help soothe burned or stressed skin. Drop R.C. on the chest to ease respiratory discomfort. Add Roman chamomile to healing salves for minor bruises, cuts, and scrapes. Massage Di-Gize on the abdomen to help soothe minor stomach discomfort. Utilize 2–3 drops of valerian in a capsule and swallow to aid with peaceful sleep.

PET CARE

Try rubbing Peace & Calming or lavender behind the ears of overactive pets. Use helichrysum and Roman chamomile to help soothe minor discomforts and wounds.

** Before cleaning upholstery, fabric, or carpet, perform a spot test with Thieves Household Cleaner in an inconspicuous area. Discontinue use in the unlikely event of staining or skin irritation.

How To Use Essential Oils

1 AROMATHERAPY

DIRECT INHALATION Directly inhale the oil from the bottle.

DIFFUSION Use one of Young Living's essential oil diffuser options to disperse oil in a micro-fine vapor into the air.

HUMIDIFIER Fill a humidifier with water then place a tissue or cloth, sprinkled with a few drops of oil, in front of the escaping vapor.

STEAM Place a few drops of oil in hot water, cover your head and the container with a towel, and breathe deeply and slowly.

2 TOPICAL APPLICATION

DIRECT Essential oils can be applied directly to the crown of the head, to the temples, behind the ears, over vital organs, to the feet, and many other locations. Dilution may be required.

MASSAGE Essential oils can be used before, during, and after therapeutic massage.

PERFUME With natural, earthy, and exotic aromas, essentials oils can also be worn as perfume.

3 INTERNAL USE

CAPSULE Add several drops of oil into an empty capsule and swallow with water.

WATER OR MILK Add 1–2 drops of oil to a glass of water or rice milk.

BREAD Add 1–2 drops of oil on a piece of bread.

COOKING Use oils in place of herbs and spices in your everyday cooking.

BLUE AGAVE Add 1–2 drops of essential oil into a teaspoon of Young Living's Blue Agave sweetener.

DIRECT Drop directly onto the tongue and swallow.

Essential oils are highly concentrated and should be used with caution. Please refer to Young Living's Essential Oils User's Guide for more information about using essential oils safely.

Application Chart

Each single essential oil and essential oil blend sold by Young Living is categorized below into three areas: topical application, dietary supplement (internal consumption), and aromatic (inhalation). Categorization of each oil is based upon well-documented, scientific information, as well as literature from respected experts in essential oils. This information is intended to guide you in essential oil use; however, qualified health professionals may offer additional guidance and should be contacted for disease or serious health conditions. Also, see individual bottle labels for specific directions.

- g** Dilution is not required. Suitable for topical use on all but the most sensitive skin. Generally safe for children.

Diffuse up to 1 hour three times daily.

- y** Dilution recommended. Use as directed. Diffuse up to 30 minutes three times daily.

- o** Avoid using on areas of the skin that are frequently exposed to prolonged sunlight or UV rays. Avoid direct sunlight or UV rays for up to 12 hours after applying to skin.

- r** Always dilute before use. Use as directed. Take internally only as directed and only if the oil is listed as a dietary supplement.

Diffuse no more than 10 minutes three times daily in a well-ventilated room.

- b** Oil is not recommended to be used in the manner indicated.

Frankincense

Aromatherapy  Topical Application  Internal Use 

A sweet, warm, balsamic aroma that is stimulating and elevating to the mind, frankincense is useful for visualizing, improving one's spiritual connection, and centering. Frankincense also has comforting properties that help focus the mind and overcome stress and despair. Frankincense is also a valuable ingredient in skincare products for aging and dry skin.

Inhale, diffuse, or apply topically on the body to deepen breathing and induce calmness.

Drop onto the skin to minimize or soothe scarring and stretch marks.

Apply 1–2 drops directly onto a bug bite to help reduce itching and swelling.

Diffuse to enrich prayer and meditation.

DROP ONTO MINOR CUTS, SCRAPES, AND BRUISES TO REDUCE REDNESS AND DISCOMFORT.

Rub on gum, glue, or tough adhesives to remove from household surfaces or skin.

Apply 1–2 drops of frankincense to the face and neck daily to help repair sun damage and renew healthy-looking skin.

Massage several drops on the temples or back of the neck for stress relief.

Drop in a capsule and swallow for immune support.*

Apply frankincense on the face to minimize oil production and breakouts.

Rub on the feet or the back of the neck to soothe overactive children.

Lavender

Aromatherapy **g**

Topical Application **g**

Internal Use **g**

One of the most versatile essential oils, lavender has a sweet, floral, herbaceous aroma that is calming and soothing. Often used for relaxation, lavender oil offers balancing properties that boost stamina and energy, is highly regarded for skin care and beauty, and is often used to cleanse minor cuts, bruises, or skin irritations.

Massage into the back of the neck or the bottom of the feet for calming.

Rub a drop on your palm and smooth over pillow to aid with sleep.

Soothe a minor burn by applying 2–3 drops to the affected area.

Place a drop on the tip of the tongue, around the navel, or behind the ears to soothe minor stomach discomfort associated with travel.*

Relieve dry or chapped skin by rubbing it on the affected area.

Rub several drops onto scalp area to help soothe minor irritations.

Add a few drops to a cotton ball and place in closets and drawers to scent linens and repel moths and insects.

REDUCE OR MINIMIZE SCAR TISSUE BY MASSAGING IT ON OR AROUND AFFECTED AREAS.

Place a few drops on a wet cloth or dryer sheet to deodorize and freshen your laundry.

Diffuse to minimize seasonal reactions to pollen and dust mites.

Apply 2–3 drops to relieve itching and soothe skin.

Lemon

Aromatherapy **y** **o**

Topical Application **g**

Internal Use **g**

Offering a clean, refreshing, and purifying citrus scent, lemon oil is revitalizing and uplifting. Lemon contains 68 percent d-limonene, a powerful antioxidant, has cleansing properties, and contains compounds that have been studied for their effects on immune function.

Use 1–2 drops to remove gum, oil, grease spots, glue or adhesive, and crayon on most surfaces.

Substitute lemon oil for lemon juice or lemon seasonings to flavor seafood, vegetables, beverages, and desserts.

Combine 2–3 drops with water in a spray bottle to help cleanse and sanitize surfaces.

PLACE A DROP ON OILY SKIN OR BLEMISHES TO HELP BALANCE OIL GLANDS AND MINIMIZE OIL PRODUCTION.

Soothe or prevent corns, callous, or bunions by rubbing oil on affected area, morning and evening.

Fill a bowl with cold water, add 2–3 drops of oil, and drench fruit in water to preserve shelf life.

Add a drop to your dishwasher before the wash cycle for spot-free dishes.

CAUTION: LEMON OIL SHOULD NOT BE APPLIED TO SKIN THAT WILL BE EXPOSED TO DIRECT SUNLIGHT OR ULTRAVIOLET LIGHT WITHIN 12 HOURS.

Massage oil into cellulite to help improve circulation and help eliminate waste from the cells.

Put 10–15 drops in a gallon of carpet cleaning solution to help pull out stains, brighten carpet and rugs, and leave a fresh smell in the room.

Peppermint

Aromatherapy **r**

Topical Application **g**

Internal Use **r**

Peppermint is one of the oldest and most highly-regarded herbs for soothing digestion.* Research shows the inhalation of peppermint oil helps trigger a sense of fullness after meals, enhances your sense of taste and smell, and improves concentration and mental activity. Applied topically, peppermint oil leaves a soothing, cooling sensation that can alleviate bodily discomfort.

Add a drop to herbal tea to help aid in digestion.*

Inhale before and during a workout to help boost your mood and reduce fatigue.

Massage several drops on the abdomen, place a drop on the tip of the tongue or wrists, or inhale to soothe minor stomach discomfort associated with travel.*

Apply to the back of the neck and shoulders repeatedly to keep energy levels up during the day.

Massage 2–3 drops onto the chest or drop into a humidifier to ease discomfort associated with the winter season and to support normal breathing.

RUB 1 DROP ON THE TEMPLES, FOREHEAD, OVER THE SINUSES (avoid contact with eyes), **AND ON THE BACK OF THE NECK TO HELP SOOTHE HEAD PRESSURE.**

Place 2 drops on the tongue and rub another drop of oil under the nose to help improve concentration and alertness.

Diffuse for energy and mental clarity.

Combine with lavender oil for a soothing and invigorating body, neck, or foot massage.

Purification

contains citronella, rosemary, lemongrass, lavandin, Melaleuca alternifolia, and myrtle

Aromatherapy **g**

Topical Application **g**

Internal Use **b**

Formulated for diffusing to cleanse and sanitize the air and neutralize mildew, cigarette smoke, and other disagreeable odors, Purification can also be used directly on the skin to cleanse and soothe insect bites, cuts, and scrapes.

Combine several drops with water in a spray bottle and use to repel insects. The same combination can be used on linens to help with bed bugs.

Place a drop on insect bites to cleanse and soothe itching.

Apply several drops on a cotton ball and place in air vents at home, in the office, inside a hotel room, or in other enclosed areas to control odors and pollution.

APPLY A DROP ON BLEMISHES TO HELP CLEAR SKIN.

Diffuse to clean the air and neutralize foul or stale odors.

Blend with lemon oil and water in a spray bottle to use as an air freshener.

Rub a drop on your hands after using a public restroom.

Thieves

contains clove, cinnamon, rosemary, lemon, and Eucalyptus radiata

Aromatherapy **r**

Topical Application **r**

Internal Use **r**

Based on the historical account of four thieves in France who protected themselves with clove, rosemary, and other aromatics while robbing plague victims, this proprietary blend was university tested for its cleansing abilities and found to be highly effective against airborne bacteria.

Place 2–3 drops in a capsule and swallow daily for extra protection.

Drop 4–5 drops onto a dryer sheet to freshen laundry.

Add 4–5 drops of oil to dishwasher or dishwasher to thoroughly clean dishes and eliminate bacteria and odor.

DIFFUSE TO ELIMINATE BACTERIA AND ODORS IN THE AIR.

Drop directly on the tongue, in a spoonful of Young Living's Blue Agave, or on a piece of bread and swallow for unpleasant breath.

Add several drops of oil onto a tissue and place in home, office, or hotel air vents to mask odor and purify the air.

Dilute with V-6 massage oil and apply directly to the feet for immune support,* especially during winter or while traveling.

Add to cinnamon sticks or to potpourri for home fragrance.
